1	Datiā.	Baroni.	1639	The head of the family having descended from the Mahārājā and joined him in his battles.	Hereditary.	Mahārājā Bhagwān Rao, the founder of the State.	Pirbharāj.	[1.] Diwān Daryao Singh with the following members of his family.	21359	9676	Rs. 15,750	Exempt from Tākn or tribute, being kinsmen.	Mahārājā Bhagwān Rao had four sons, two of whom named Dhurmangad and Sakat Singh were given the Palera Jāgir by their grandfather Mahārājā Birsinghdev. From the state won by his arms Bhagwān Rao gave Baroni to his second son Prithirāj in Jāgir. In the latter's descendant there are now 12 <i>Ilasādārs</i> (partners) of whom there are four Diwāns including Diwān Daryao Singh. The rest are addressed as Kuars, all of these are well-up in Hindi and military tactics. Diwān Daryao Singh was born in 1836 and succeeded his father in 1868. The title of Diwān with a <i>Khilat</i> is given by the Mahārājā Datiā to the head of this family according to ancient customs. Daryao Singh's eldest son Mardan Singh having died at the age of 34, his son Kuar Jangjit who was born in 1882 was granted the title of Diwān for the <i>jāgir</i> Baroni. Daryao Singh has a second son named Dev Singh who was born in 1856 A. D. On their petitioning the Mahārājā about the same, members of this family are given <i>jāgirs</i> and cash allowances in addition to their shares all of which are however liable to be resumed on their committing any offence or disobeying Darbār's orders.

NOTE.—The other nobles of the State receive *jāgirs*, titles and cash allowances in lieu of their services but as these are subject to dismissals, reductions and promotions their addition in this statement has not been considered necessary, for their *jāgirs* or cash payment are given according to qualifications for lifetime and only as long as they serve the State. They are not therefore hereditary *jāgirdārs*.
